Dear Josh:

Thank you very much for your kind letter of October 4, 1972. I appreciate very much your comments and I hope we have the chance to sit down some time and talk about the article.

With respect to your comments about the use of academic resources, I am in full agreement. Now that we have completed the shake down cruise, I am hopeful that we will be able to make much greater use of the expertise that is available in the great universities in California.

Warm regards,

  
JOHN V. TUNNEY  
United States Senator
